#### NEWSY DUNMORE SAYINGS.

Crisp and Spicy News Served in a Delectable Manner.

Special to the Ecranton Tribune DUNMORE, Feb. 5. - The scenes enacted at the "corners" Sunday evening were disgraceful enough to bring a blush of shame to the cheek of the most disinterested citizen, no matter how deeply the question of Sabbath ob-servance aff-eted him. Any stranger passing through that section of town would come to the conclusion that no semblance of law or order existed. The creators of the disturbance were eight or ten young men whose winters passed numbered about sixteen Every time a sleigh load of strangers came through the street they were greeted by a chorns of ear-splitting yells loud enough to be heard for blocks. Not being satisfied with the noise of their mouths several packs of fire crackers were procured and shot off in the middle of the street. Their hilarity lasted for fully au hour, during the time people were on their way to church. The names of these rowdies can be easily procured and the police should make an example of them. As has been mentioned before in these columns, there is not enough police to keep order and council should

not neglect increasing it.
The Young Ladies' Missionary so cisty will hold their apron and cake social at the manse on Friday after-noon from 2 until 5 o'clock. Anvone wishing to secure fresh cakes for Sunday or wish to replenish their stock of common or fancy aprens can do so by attending this social, where a selection elaborate enough to suit the taste of the most fastidious housewife will be offered for sale at very low prices.

Mrs G. W. B. Allen is confined to her home by illness. The fear in which the Democrats hold the Republican or Peoples ticket that is in the field this year is fully demonstrated by the indusements they are offering opposing candidates to be-tray their party. The much coveted office of borough solicitor of which they own one-half is the latest prize they have concluded to sacrifice to the political whiripool. A committee of four approached a candidate for a prominent office the other day and without any praumble told him the office of borough solicitor was at the disposal of one of his relatives if he would only withdraw and labor for them. Needless to say, the offer was spurned instantly. It is for this office that the Democrats have put a sprague in the wheel of borough progress dur-ing the past year and neglected busi-ness that should have been attended The vote has stood 3 to 3 all year, and every proposition to do any busi-ness was promptly squelched by the Democratic committeemen because the Republicans would not surrender to them. At last, this much prized office they have promised to relinquish all claim to in order to save their tottering

The "Assembly" is thinking favorably of holding its social on Feb. 22, instead of the 24th as was stated in

yesterday's paper. There will be a meeting of the men of the Presbyterian courch held at the church parlors on Thursday evening for the purpose of making arrangements to hold a social during the first week of March. It will be for the pur-pose of commemorating the freeing from debt of the church and will be a fitting occasion to welcome the new members who will join the church on next communion Sunday. It is requested that all gentlemen belonging to the church will be present and lend

### ENJOYABLE BIRTHDAY PARTY.

Mr. William Bryden, of Forest City, Surprised by Numerons Friends.

Special to the Scranton Tribune, FOREST CITY, Pa , Feb. 5. - The many friends of the Delaware and Hudson mine foreman at Vandling, William Bryden, sr., paid him a very pleasant surprise Saturday evening in the shape of a birthday party in honor of his 50 h birthday. The party first gathered at the home of George Tovey to the number of 150, and then proceeded in a body to the house of their intended visit, first making their presence known by their singing in front of the resi-

Quickly the whole house was open to the party and then congratulations were in order. The Forest City brass band soon made its appearance and strains of sweet music were wafted to and fro through the air to make the occasion as "merry as a marriage bell.", Richard Jones, in a few appropriate remarks, presented Mr Bryden with a gold watch and chain as a slight token of esteem in which he is held by the residents of Vacdling. Mr. Bryden responded in a pleasant manner, and was glad to learn that his friends were so numerons. Among the other valuable presents Mr. Bryden received were a toilet set, amoking set, and silver nut set.
